Beloved Children of the One Father:

There has been much written and spoken about the quality of Love, and it has become almost a platitude, but I tell you, beloved ones, that Love in its purity is the mightiest force in the universe. A man clothed in Love can proceed through the wildest jungle without harm. He can be a Peace-commanding Presence no matter in what environment he happens to be or whatever conditions confront him. Through Understanding Love an individual is in command of every situation that arises, including human and elemental turmoil. When you have learned to Love as the Masters do, you will become Masters of Life and your journey through the Earth plane will be finished. Listen to the words of My Beloved Paul as He proceeds with His discourse on Love!

Blessings and Love,

MAHA CHOHAN

ADDRESS BY THE BELOVED PAUL, THE VENETIAN

Beloved Friends:

The activity of the Third Ray always seems the most difficult to anchor into the outer consciousness of mankind, and yet without Love there is no Victory -- Love of God that casts out all fear - Love of the Cosmic Beings and the Masters, and then Love of your fellowman.

My service to this universe is to develop the love of one man for another; one race for another; one religion for another; and I tell you now with very great sincerity that in My opinion it is the most difficult of all the tasks that have been given to the Chohans of the Rays because each man, according to his birth, his race, his background, his training, is so anchored in the self-righteous acceptance of certain tenets, some partly true and others not at all, that it is an almost impossible task to pry him loose from them.

To have a World Brotherhood requires a sincere interest and intense devotion to the entire mass of humankind, the animal kingdom, and the elemental kingdom. Love in the abstract is easy of accomplishment. Love of the Cosmic Beings; love of the Masters and the Angels; and love of the Supreme Being also seems easy because there is no pressure of personal aura which is disturbing to the un-mastered energies of your own world.

You, beloved students of life, have set into motion many, many causes which have proved your love for the universe to which you belong - love for unborn children; love for impounded lifestreams; love for those in the discarnate realms; love for the evolutions in, through and around the planet Earth, but now, beloved ones, you must cultivate the capacity to love and understand your fellowman. You have not touched the fringe, dear ones, of mankind at large. Few have yet been drawn into your midst who possess certain talents and certain gifts and who perhaps do not entirely conform to your set pattern. As you develop and broaden your outlook, many will come.

You will have your Moslems, your Hindus; you will have your Buddhists, your Rabbis, your Christians -- all of them possessing their own aspect of the Diety - all firmly clinging to that which has been -- not letting go until they have come to have faith in you through your works and through your example; and through these they will see that you have a better way.

To you now, beloved friends, I commend the task of drawing the tolerance of My Presence into your feelings; into your minds; into your etheric consciousness; into your flesh; into your very gesture; into your spoken words and actions until all mankind can say that in the students of Saint Germain they have found a warmth, a welcome, an understanding that will encourage them to come into the radiation of His Activity where they, too, may set their souls free from bondage and fulfill their Divine Plan in peace and harmony.

Permit Me now, dear ones, to add a few words on the subject of prayer. Whenever a heartfelt prayer is uttered, either silently or audibly, an answer to that call is always forthcoming from the Higher Octaves, its efficacy depending upon the feelings of the petitioner -- whether it be a worried mother calling for the protection of her loved ones of the cry of a small child in distress. There are great Beings called Silent Watchers, whose service it is to watch for this prayer force, and wherever They see it rising from the Earth, They gather it up and send it Heavenward - on Their own strength if it is weak, as perhaps it may be in the case of the troubled mother or distressed child. However, if this prayer force be strong as in the case of your mighty decrees, those calls pierce right through

the astral world into the living Presence of the Beings to Whom they are directed, and sometimes they even reach the Throne of the Godhead Himself - all depending upon the intensity of feeling and not the sound.

Wherever people are engaged in prayer, singly or in groups, there the Angels gather like bees around a honey pot. If your ears were attuned to inner vibrations, you could actually hear the gathering of those Legions as They come from north, south, east and west to add Their strength to your calls by Their presence - spreading the essence of the benedictions that come in answer to your petitions over the Earth as They return to Their various points of service.

The outpouring tonight, beloved ones, (Transmission night) is, as you know, part of the radiation of the Pink Flame and Ray, as well as that of every Flame and Ray that you call forth.

May Our Love enfold you - each one.

PAUL
